

The background image shows a brick building with a large hoistway door. A set of stairs with metal railings leads up to the door. A large number '5' is visible on the brick wall to the right. A sign on the door lists 'STORAGE ACCESS HOURS' as '9 AM - 5 PM EVERY DAY' and '1975'. A 'NO PARKING' sign is visible on the left side of the door.

Weather Stripping

Reduces unwanted debris and water from entering the hoistway when the exterior door is closed.

Solenoid Lock

Electromechanical Device locks the hoistway door safeguarding the exterior entrance.

NEMA 4X Equipment

Hoistway door mechanical and electrical equipment at the exterior entrance is manufactured to NEMA 4X classification (moisture and corrosion resistant), preventing damage from environmental conditions.

Thick Powder Coat (4 mil) Finish

Door Panel finish is thicker to provide extra protection.

No Vision Panel (optional)

Exterior door vision panel is omitted for security measures.
